

# CENTERPIECE

Available for your use are our Waterview Centerpieces: 11 inch tall Hurricane Lanterns that are 4.75 inches in diameter around the base. The Hurricane is open at both ends, has a white taper candle and is placed along with 3 white votive candles at each table.

## CUSTOMIZATION IDEAS

You may use the Centerpiece, or just the votive candles for your tablescape. You can also have your florist design a floral wreath to go around the base of the Hurricane. You may opt to bring in your own pillar candle -- simply ensure that it is not more than 3 inches wide and at least 7 inches tall AND supply a base such as a mirror or charger to go under the candle.
