## A NOTE ABOUT ALLERGIES

Our menu is designed so that we can offer options for individuals with peanut, tree nut, gluten, dairy and other common allergies. However, please note that we are a facility that processes peanuts, tree nuts, dairy, gluten, soy and other known allergens and we may not be able to accommodate some complex allergies.

Please alert your Event Coordinator to all allergy concerns, especially life threatening allergies, during the menu planning process so that we can guide your menu choices accordingly.

Additionally, the students will be responsible for 1) bringing any prescribed allergy medication with them to the event, and 2) alerting their server about the nature and severity of the allergy on the day of the event.
